

## **Process for Requesting Daytime Parking Restrictions**

Daytime Parking restrictions prohibit vehicles that are not registered with the City from parking on the street between 8:00 am and 5:00 pm. Daytime Parking Districts are allowed within the boundaries of District 12 and administered through a process outlined in the City Code (Section 5-8-83). Residents in District 12 interested in adding daytime parking restrictions to their block can make the request through a petition signed by occupants of more than 50% of the residential properties within the proposed area. Please use the petition on the following pages.

## **Frequently Asked Questions**

### Can owners of rental property sign the petition?

Only persons residing at the property can sign the petition. If an owner of property included in a petition does not live at the property, he is not eligible to sign the petition. Renters of the property are eligible to sign the petition.

#### Can multiple occupants sign the petition to meet the 50% requirement?

Yes, but only one signature per residential property will be counted towards the 50% requirement.

#### What is considered a block?

A block is the portion of a city street between two intersecting streets or, in the case of a dead-end street, such as a cul-de-sac, between the street's end and an intersecting street.

#### How are corner properties counted?

Corner properties should be included on any petition affecting the property's frontage. A corner property may not be addressed with the subject street but would still be included in the overall petition since signage would be adjacent to the property.
